SIR:

In response to the Notice to Comply, dated April 27, 2004, the Applicants respectfully point out that the Preliminary Amendment filed January 15, 2004 already provides the necessary statement and request to enter the CRF of the parent application as the CRF for this continuation application. However, for the convenience of the Office, the Applicants reiterate this statement below.

The paper copy of the Sequence Listing already of record for this application is identical to the paper copy and the computer readable Sequence Listing filed on June 25, 2001 in the present application's parent: U.S. Application No. 09/887,052. Thus, no new matter has been added.

In accordance with 37 CFR § 1.821 (e), please use the computer readable form (CRF) filed on June 25, 2001 in the parent application as the computer readable form for the present application. It is understood that the Patent and Trademark Office will make the necessary
